INSTRUCTIONS

1. Start by using the liner brush to paint the base of the cupcake with green stripes. To do this we applied 2 coats of Guacamole, letting it dry in between layers.
2. Next, use a medium brush to paint the icing on the cupcake with 3 coats of Chiffon, letting the paint dry between layers.
3. Using a detail or small brush, paint the strawberry with 3 coats of Red Hot
4. When the icing is dry, dip the stick end of your small sponge dotter into Snowflake paint. Gently tap it on your palette to remove any excess paint. Apply your dots to the icing.
5. Use your detail writing bottle to apply white seeds to your strawberries.

TIPS

- When using the liner brush, use even pressure. The harder you press, the thicker your lines will be.
- When you're using a sponge dotter, be sure to gently tap off the extra paint to get a more even spot.
- Be generous with the paint to get the most even color.
